

## BOERS FLY BEFORE THE BRITISH ARMY

Roberts Marching Up on  
Bloemfontein Without  
Serious Opposition.

## PEACE RUMORS IN AIR

Kruger and Steyn Unite in  
Sending Proposals to the  
British Government.

England Will Not Listen to Anything  
But the Unconditional Surrender  
and the Absorption of the Two Re-  
publics Into the Empire.—Other Re-  
ports Indicate That the Boers Are  
Preparing to Fight to the Bitter  
End.—Advance of Gen. Gatacre.

London, March 12.—[Special Cable-  
gram]—In the house of commons today  
Balfour, the government leader, reply-  
ing to a question, announced that the  
peace terms of the British government  
would shortly be laid before the house.  
A member thereupon asked, "Has Krue-  
ger telegraphed?" to this Balfour re-  
peated his previous answer.

Roberts Reaches Asvogel Kop  
London, March 12.—[Special Cable  
gram]—Gen. Roberts wires today from  
Asvogel Kop as follows: "We were un-  
opposed during our march here yester-  
day. Our full casualties have not yet  
arrived."

He also says that Gen. Gatacre is  
within a mile of the Bethulia railway  
bridge over the Orange river, which was  
partially destroyed. The enemy is hold-  
ing the opposite bank. Gatacre's ad-  
vance from Colesburg to the river prob-  
ably has been unopposed.

The Boers are holding the north bank  
of the river which indicates that they  
have abandoned all intentions of oppos-  
ing the British in colonial territory, pre-  
ferring to meet them at the river cross-  
ings.

Boers Ask for Peace  
London, March 12.—The Daily Mail  
has received the following dispatch from  
Pretoria, dated Saturday, March 10, and  
censored by the Boer government:  
"President Kruger and President  
Steyn have wired to Lord Salisbury  
peace proposals, on condition that the  
independence of the two republics be  
respected and the rebel colonials am-  
nestied."

"Yesterday the foreign consuls were  
called into conference and were request-  
ed to invite the intervention of the powers  
they represent in order to prevent  
further bloodshed."

He says that the members of the Pre-  
toria commando are under oath that the  
survivors shall adopt the children of the  
slaughtered, and that these children  
shall be brought up in the idea that  
Great Britain killed their fathers while  
they were defending their freedom.

Roberts Near Bloemfontein  
London, March 12.—The Daily News  
has the following from Asvogel Kop,  
dated March 11:

"The march was continued today to  
this point. No Boers were seen on the  
way."

"The British are now only twenty-five  
miles from Bloemfontein."

"One of the Boer prisoners says the  
siege of Mafeking has been raised."

Senate Wants to Know  
Washington, March 12.—[Special  
Telegram]—The senate today adopted a  
resolution requesting the president to  
inform that body whether any communi-  
cation had been received from the United  
States consul at Pretoria relative to  
offering the friendly intervention of the  
United States in the war between the  
Boers and the British.

## NEWS DOES NOT EXCITE IRELAND

Queen's Personal Visit Falls to Create  
Much Enthusiasm  
Dublin, March 12.—The Irish are not  
carried off their feet by her majesty's  
projected visit to this country. Timothy  
Harrington is out with a letter of pro-  
test against the presentation of an ad-  
dress of welcome to the queen by the  
Dublin corporation, explaining that  
John Redmond's speech in the house of  
commons gives no countenance to such a  
plan.  
Anna Parnell also has published a let-  
ter describing as an insult the queen's  
order identifying the wearing of the  
shamrock on St. Patrick's day with the  
commemoration of British victories in

the South African war. Dr. Leyds has  
written, expressing cordial thanks for  
the Dublin resolution of sympathy with  
the Boers.

## TO SUCCEED MGR. HENNESSY

Report That Archbishop Keane's Name  
Will be Sent to Rome.  
Sioux City, Iowa, March 12.—News  
from what is considered a reliable source  
reaches Sioux City that Archbishop  
John Keane is to be Archbishop Hen-  
nessy's successor. It is said the arch-  
bishops of the country and the arch-  
diocese have unanimously agreed to send  
his name to Rome. It is further stated  
that there are to be two new Roman  
Catholic sees in Iowa, with Sioux City  
and Des Moines as the see cities.

An Oshkosh Boy Missing  
Oshkosh, March 12.—[Special Tele-  
gram]—Buel Davis, seventeen year old  
son, Buel T. Davis, former superintendent  
of the public schools of Oshkosh,  
has been missing since Sunday. It is  
believed he has committed suicide.

## CHINA'S DOOR OPEN

Benjamin Ide Wheeler Says "Spheres  
of Influence Have Been Done  
Away With."

San Francisco, March 12.—President  
Benjamin Ide Wheeler of the University  
of California in an address Saturday  
night to the Monticello club, gave the  
details of the negotiations which Sec-  
retary of State Hay has had under way  
for some time relative to the China  
"open door." Mr. Wheeler, who learned of  
the negotiations while in conversation  
with Secretary Hay during his recent  
visit in Washington, said:  
"In the course of the week Secretary  
of State Hay will announce to the peo-  
ple a victory, not of war—call it diplom-  
acy, if you please—in that the parts of  
China will be opened to the commerce  
of the world. He has reached an under-  
standing with Great Britain, France,  
Russia and Germany, which does away  
with territorial spheres of influence."

"According to the terms of the agree-  
ment there will be no longer any sphere  
of influence in the flowery kingdom.  
Customs tariffs will be abolished as well  
as other imports upon shipping. The  
idea is to make the ports free to the  
world's commerce and give all nations a  
free hand in exporting their markets."

## CZAR OF RUSSIA CALLS OUT RESERVE

Army and Navy Ordered to War Foot-  
ing—Black Sea Fleet Ready  
—On to India.

London, March 12.—A dispatch to the  
Daily Chronicle from Constantinople  
says:

"A ukase by the Czar orders the rapid  
mobilization of the Russian army and  
navy reserves."

"This movement appears to have for  
its objective India and north Asia  
Minor."

"The sailors of a number of Russian  
merchant ships in the Black Sea have  
been called up for reserve."

"The Russian cruiser Schernomoretz,  
stationed at Constantinople, has received  
orders to hold itself in readiness for im-  
mediate service."

## THE SEED WILL NOT GROW IN WISCONSIN

Tobacco Seed Sent to the Badger State  
From Washington Has  
Proven Useless.

Washington, D. C., March 12.—A  
peculiar custom of the Department of  
Agriculture in the distribution of to-  
bacco seeds has come to light. For  
years the representatives from the Sec-  
ond district have found that the tobacco  
seed which the department is sending  
out will not grow in Wisconsin.

Many complaints to that effect have  
been made to the members by farmers.  
Representative Dahle on investigation  
found that the department puts up the  
tobacco seed for distribution in pack-  
ages of five kinds, four of which are  
entirely useless for planting in Wisconsin.

Only one of the varieties, Ohio seed  
leaf, will grow to advantage in Wiscon-  
sin. An appeal to the department for  
seed adapted to the soil of Wisconsin  
was of no avail, and in order that Mr.  
Dahle may send his constituents only  
such seed as will grow in their soil he is  
forced to open the packages the depart-  
ment sends out, take therefrom the  
package suitable to his district and  
either return the rest of the seed to the  
department, or give it to some member  
of a southern state where it can be used.

## A Judge of Tears

The unusual spectacle of a judge in  
tears was witnessed at Cardiff when  
Mr. Justice Bucknill pronounced the  
capital sentence for the first time in  
his judicial career. The sentence was  
on a woman, and the judge, whose voice  
was very shaky from the first words of  
the sentence, entirely broke down at  
the end and burst into tears. The  
scene, especially after the pathetic ap-  
peal of the prisoner for mercy for the  
sake of her children, was almost with-  
out parallel in the annals of trials.  
Even the leading counsel were obliged  
to use little subtleties to hide their  
emotion.—Tit-Bits.

## CORBETT CANNOT STAND THE STRAIN

RACINE PRISONER A COMPLETE  
PHYSICAL WRECK.

High School Contest for the Owen  
Medals at Brodhead—Adoption of  
the Cap and Gown at the State  
University—General Harden is Bet-  
ter.

Racine, Wis., March 12.—It begins to  
look as if Henry F. Corbett, being tried  
on the charge of assault with intent to  
kill the Rev. David B. Cheney, will  
never stand the strain. That he is a  
physical wreck cannot be doubted and  
his utter collapse at any time would be  
no surprise. All efforts to get an inter-  
view with the prisoner fail, as the offi-  
cers have strict orders to allow no one  
to talk with him about the case, it be-  
ing feared that it would excite him. As  
it is he does not sleep at night and his  
appetite is poor. His trial will prob-  
ably last the rest of this week. The de-  
fense is trying to prove an alibi and has  
subpoenaed fifty witnesses for that pur-  
pose.

## Awarded the Owen Medals.

Brodhead, Wis., March 12.—The an-  
nual high school contest for the Owen  
medals came off Friday night. Dr. E.  
B. Owen gives three medals, one for the  
best extemporaneous speech made on a  
topic drawn just before going upon the  
platform, one for the best oration, and  
one for the best declamation. There  
were five contestants for each medal. The  
judges were Prof. A. H. Upham, Normal  
school, Whitewater; Prof. F. Sharp,  
University of Wisconsin; Miss Mary  
Holt, Janesville High school. The prize  
for the best extemporaneous speech was  
awarded Edith Bowen, whose topic was  
"The Peace Conference." Miss Leona  
Barlow, subject "Energy and Persever-  
ance," won the medal for the best or-  
ation, and Miss Mabel Richards, who re-  
cited "The Stowaway" the medal for the  
best declamation.

## Adopt Cap and Gown System.

Madison, Wis., March 12.—Now that  
the senior class of the university has  
adopted the cap and gown system so  
general in the East, it is expected that  
succeeding classes will continue the  
pretty custom. Efforts have been  
made for years to induce the senate  
seniors to adopt this garb, but they in-  
variably proved unsuccessful. The  
success of the recent cap and gown  
campaign was due largely to the efforts  
of the fair "co-eds" who were almost  
unanimously in favor of it. There is no  
doubt but that nearly all of the mem-  
bers of the class will don the sombre  
garb immediately after the time set for  
its introduction.

## Oshkosh to Have Street Fair

Oshkosh, Wis., March 12.—Oshkosh  
is going to have a street fair this fall.  
It will be managed by the local order of  
Elks, who have projected it. They  
started out to raise a fund of \$5,000 and  
in three days had \$3,000 subscribed.  
Businessmen are enthusiastic and the  
intent is to make it the largest street  
fair held in the state.

It will occur in September and there  
will also be held the same week the  
Winnebago county agricultural fair.

## Gen. Harnden May Recover

Madison, Wis., March 12.—General  
Harnden, department commander of the  
G. A. R., was somewhat better this  
morning and the attending physician  
now believes he will recover. The sturdy  
old soldier, however, is not yet out of  
danger.

## State Turner Convention Adjourned.

New Holstein, Wis., March 12.—The  
Wisconsin State Turner convention ad-  
journed sine die at 4 o'clock yesterday  
afternoon. The state executive head-  
quarters will remain at Mayville for an-  
other year with the same officers. The  
state convention in March next year will  
be held in Fond du Lac. The state  
turnfest in 1901 will be held in Sheboy-  
gan, with the date left to the discretion  
of that city.

## Brakeman Has Foot Crushed.

Green Bay, Wis., March 12.—M. J.  
Murphy, of Janesville, a brakeman on  
the Northwestern road, had his foot bad-  
ly crushed in the yards here. He was  
taken to the General hospital.

## REBELS RESISTING HOUSTON'S FORCE

Battle at Antixue, Province of Panay—  
American Losses Were  
Six Killed.

Manila, March 12.—Thousands of or-  
ganized insurgents are resisting Col.  
Houston's battalion of the 19th reg-  
iment at Antixue, province of Panay,  
which is the only province which  
Americans do not occupy. The Ameri-  
cans have lost seven killed. A battalion  
of the 44th from Iloilo has reinforced  
Houston's command.

One hundred and fifty Tagalos, armed  
with rifles, have surrendered at Capiz,  
and have been transferred to Luzon.

Six Americans were killed in an am-  
bush recently laid by the Filipinos at  
Aparri.

## Bled Their Horses.

A curious superstition was formerly  
prevalent regarding St. Stephen's day  
(December 26) that horses should then,  
after being first well galloped, be cop-  
iously bled to insure them against  
disease in the following year.

## PORTO RICO BILL AND CANAL TREATY

CAUSE OF SLEEPLESS NIGHTS  
AT WASHINGTON.

Danger in Mistakes—Nicaraguan Mat-  
ter May Be Abandoned Altogether—  
McKinley Will Follow the Wishes  
of Congress—Cooper is Pushing  
the Porto Rican Measure.

Washington, March 12.—Great uncer-  
tainty exists in Washington as to what  
is to be done and what should be done  
with the two great questions now pend-  
ing before congress—the Porto Rico bill  
and the Hay-Pauncefote canal treaty.  
As to the former the administration  
has taken its stand in favor of a tax on  
Porto Rico imports, though it is by no  
means certain it will adhere to this po-  
sition to the end.

Just now the administration is in a  
very great quandary as to what it should  
do about the canal treaty. The republi-  
cans of the senate are in a like predic-  
ament. Saturday the prevailing belief  
was that the treaty would be amended  
as proposed by the foreign relation com-  
mittee, and then be ratified.

## May Pigeon-Hole the Treaty.

But today there is a distinct growth  
of sentiment in favor of dropping the  
whole matter, putting treaty and amend-  
ment upon the table or in a pigeon hole,  
and let them stay there.

It is understood that President Mc-  
Kinley is ready to follow the wishes of  
congress. If the senate amends and  
ratifies the treaty and returns it to the  
state department, the president will in-  
struct his secretary of state to notify the  
British ambassador that the United  
States is ready to conclude the compact  
by means of final exchange of ratifica-  
tion. Secretary Hay would then be  
brought face to face with the question  
whether or not his self-respect would  
permit him to sign the amended conven-  
tion.

## Rumor That Hay May Resign

Senators who differ with him radically  
about the neutralization of the canal are  
none the less anxious to spare the sec-  
retary any possible humiliation, which  
is a strong test of the personal popu-  
larity of John Hay. Persistent rumors  
were afloat yesterday that Secretary Hay  
would resign unless the treaty were  
adopted substantially as he drew it, and  
the same stories were repeated today.

The more the senators try to amend  
the Porto Rican bill the more compli-  
cated becomes the situation. Western  
senators are offering amendments to  
wipe out the tariff feature of the bill,  
and such high protectionists as Senator  
Platt of Connecticut, are talking about  
striking out the whole Foraker bill, pro-  
viding a civil government for the is-  
land, and leave only the tariff feature as  
it was in the house bill.

## Cooper Wants to Push the Bill

"We expect to take up the Porto Rico  
bill in the house during this week," said  
Representative Cooper of Wisconsin,  
chairman of the Insular committee.  
"The measure is now in the hands of a  
subcommittee, which will report it to the  
full committee in a day or two. Then it  
will be sent back to the house and at the  
first opportunity will be taken up. Every  
one recognizes the importance of legis-  
lation of this kind, and it will be pushed  
through with all possible speed, although  
it is probable there will be a long debate  
on the bill before it reaches the senate.  
We propose to go ahead regardless of  
the senate."

## MYSTIC MESSAGE OF SORROW.

### Chicago Man Mysteriously Learns of His Brother's Death in Manila.

A mystic message brought sad intel-  
ligence to Frank Fay Pratt of Chicago  
one day last week. It told him of the  
death of his twin brother, Fred Roe  
Pratt, which occurred in Manila.  
Frank was sitting down to dinner in  
his home in Chicago when suddenly the  
impression entered his mind that  
his brother had died. He could not tell  
whence the knowledge came; all he  
knew was that his brother was dead.  
He told his parents of his belief, of his  
knowledge, of the sad event, and then  
he hurried into the streets, where he  
walked up and down for hours, bur-  
dened with his grief. Three days later  
came a cablegram from Manila, telling  
that Fred Roe Pratt, who had been  
voyaging around the world, was dead  
and that his body was on a steamer  
bound for Japan. Fred left Chicago in  
December, 1898, in the company of a  
friend to make a tour of the world.  
It was their intention to visit nearly  
all the oriental countries, winding up  
in Australia. They had already visited  
China, Japan, Singapore and other  
places. Fred was born in Chicago and  
had practiced law with his brother un-  
til he started on this trip. The simi-  
larity between the twin brothers was  
so marked and striking that the first  
thought on seeing them together was  
to doubt one's eyesight. Not only in  
features and stature were they coun-  
terparts, but in actions, expression and  
general bearing also.

## Queer Point of Law.

A curious will case has been brought  
before the courts in north Germany. A  
gentleman died, leaving 20,000 crowns  
to his cook and the same sum to his  
man servant, on the condition that if  
either married the money should re-  
vert to the other. The legatees mar-  
ried each other, and a nephew of the  
deceased is endeavoring to prove that  
the marriage invalidates the conditions  
of the will.—Stray Stories.

## SNAKE IN WOMAN'S STOMACH

Reptile is to be Extirpated by a Surgical  
Operation.

Utica, N. Y., March 12.—Miss Florence  
Reese of Herkimer, New York has a live  
snake in her stomach. Yesterday she  
was taken to St. Luke's hospital, in this  
city, where she will undergo an opera-  
tion for the removal of the reptile. Miss  
Reese has known that there was a live  
creature in her stomach for six or seven  
years and until quite recently supposed  
it to be a tapeworm.

Three weeks ago she consulted Dr.  
Ford of this city, who after an examina-  
tion announced that there was a snake  
growing in her stomach, and that an  
operation was necessary. She refused  
to submit to that and went home. But  
her sufferings became so terrible that she  
eventually decided to seek relief by the  
way of the knife.

The serpent is believed to be two or  
three feet long and as large around as a  
broomstick. Often it can be plainly felt  
with the hand. How the reptile got  
into her stomach is a mystery.

## SIXTEEN BODIES FROM THE RUINS

Fatal Tenement House Fire at Newark,  
N. J.—A Serious Loss of  
Life Follows.

Newark, N. J., March 12.—[Special  
Telegram]—A tenement house fire re-  
sulting in serious loss of life occurred  
here early this morning. Most of the  
inmates, who were asleep when the fire  
broke out, were Italians. The flames  
spread so rapidly that their retreat was  
cut off. Up to ten o'clock sixteen bod-  
ies had been recovered from the ruins.  
It is believed more perished. A number  
of persons were injured in jumping from  
windows, one of whom died in the hos-  
pital. The fire was probably of incen-  
diary origin, and a number of arrests  
have been made.

The dead are: Antonio Carminano,  
wife, two children.

Cecilio Tassin, wife, four children.

Gaetano Talmino.

Mincio Tarto and daughter.

An noon another body was found. The  
burned building was a three-story struc-  
ture, and ten families, numbering sixty  
persons, occupied the place.

A stiff wind was blowing when the  
fire started, and the wooden building, a  
veritable fire trap, was completely gut-  
ted. One man managed to escape by  
the regular means of egress, but the  
greater number of them were taken  
from the roof and windows.

A mother's devotion to her child was  
revealed during the search. When Mrs.  
Tassin's burned body was lifted from be-  
neath the debris, her one-year-old baby  
dropped from beneath her skirts. The  
child was unscathed by the flames, but  
had died from suffocation. With death  
staring her in the face, the mother's last  
thought had been for her child.

## TERRIBLE STORY OF CANNIBALISM

Fearful Looking Specimens of Filipinos  
Follow American Troops and Feast  
On Dead.

Trenton, N. J., March 12.—A terrible  
story of cannibalism in the Philippines  
is told in a private letter received here  
a few days by John J. McKenna, late ser-  
geant of the 4th New Jersey volunteers.  
The letter was from Private John Cook-  
ley of company I, 23d infantry, stationed  
at Servantes, in the Philippines. In his  
letter Private Cookley says:

"We have been all through the cannib-  
als' country. They are fearful looking  
specimens of humanity. They followed  
us for days. They killed a poor fellow  
in our regiment named Herfeldt of  
Brooklyn. He fell behind and was hit  
in the back with a spear. He lived ten  
minutes. We buried him. When we  
returned over the same route two days  
later they had disinterred him and quar-  
tered the body and were feasting on his  
flesh. We killed 100 or more of them  
to teach them a lesson."

## Fear a Clash at Lexington

Lexington, Ky., March 12.—Repub-  
lican Secretary of State Caleb Powers  
and Capt. John Davis, arrested for the  
murder of Gov. Goebel, spent a rest-  
less night in the hospital room of the  
Fayette county jail. Powers was suf-  
fering from nervousness and from the  
rough usage he caused to be visited  
upon himself by resisting arrest, and  
Davis was nervous and ill at ease.  
They were called on by Col. W. C. P.  
Breckinridge, Judge George Denny,  
Postmaster F. Clay Elkin, and Phil T.  
Chinn, son of Col. Jack Chinn. Mr.  
Powers and Col. Breckinridge had a  
long conference, and Mr. Elkins and  
Powers, who are good personal  
friends, had a long talk. Capt. Davis  
also talked freely to the callers. The  
captain declared he would tell all he  
knew when he was placed on the wit-  
ness stand, and that while he did not  
know who shot Gov. Goebel, he could  
tell some things which would be inter-  
esting.

## RIVAL MILITIA BODIES

Democrats Are Busy Organiz-  
ing and Arranging a  
New State Guard.

Governor Taylor and Governor Beck-  
with Surrounded by Soldiers—Lex-  
ington Excited Over All Sorts of  
Rumors—An Attempt Likely to Res-  
cue Davis and Powers Under Arrest  
Charged with Murder of Goebel—  
Interment of Goebel's Remains Today

Lexington, Ky., March 12.—[Special  
Telegram]—The democratic Adjutant  
General Castleman this morning went  
to the armory, which is now in control of  
the militiamen who have revolted.  
Castleman refuses to discuss any of his  
plans. Conservative persons say that  
Taylor's public statement has a ring of  
fight in it.

Powers and Davis, the alleged acces-  
sories to Goebel's murder, were removed  
from the county jail this morning and  
taken to Louisville to prevent them  
from being rescued.

## Plan to Rescue Powers

There was a rumor rife today that the  
mountain friends of Powers would come  
here and rescue him and Davis from  
jail.

The greatest excitement has pre-  
vailed here all day as the populace ex-  
pected to see a battle at the jail between  
the friends of Powers and Davis and the  
authorities.

It is stated that other important ar-  
rests are contemplated and that resist-  
ance is expected.

## Two Armed Factions

Frankfort, Ky., March 12.—The polit-  
ican complications arising out of the  
election and assassination of Goebel  
have assumed an acute form and the re-  
publicans and democrats are divided  
into two armed and organized factions.

Surrounding the capitol and the state  
executive building and camped in the  
grounds around Governor Taylor's  
home are nearly 200 state militia, well  
provided with ammunition, while in the  
corridors of the capitol hotel, in which  
the democratic state offices are located,  
and in the streets adjacent to that build-  
ing are sixty special officers and the  
men and boys of a militia company that  
was organized in Frankfort today as the  
nucleus of Governor Beckham's state  
guard, besides scores of more heavily  
armed citizens, partisans of the demo-  
cratic claimant.

A crack company officered by leading  
men of the city and composed of picked  
men of military training was organized  
here today and will be mustered in by  
Colonel Castleman early this week. The  
men will be armed with needle guns and  
rifles furnished by the citizens.

## Bloodshed May Ensnue.

The democratic partisans say that  
should the militia attempt to interfere  
with the session of the legislature, per-  
sistent rumors of which have been in  
circulation all day, it will be next to  
impossible to avert bloodshed. The re-  
publican officials, however, deny that  
such action has been even contemplated,  
and that the legislature will not be  
molested in any way.

Governor Taylor's soldiers who were  
on guard at the statehouse were rein-  
forced today by the arrival of the Bar-

## IN FOR A LONG DEBATE.

Senators Unlikely to Change Puerto Rican Bill Without Discussion.

## ARE STILL IN A QUANDARY.

Foraker Will Defend Provision for Civil Government for the Island—He Carries Little for Tariff—Some Members in the House Believed to Have Repented.

Washington, March 12.—The more the senators try to amend the Puerto Rican bill the more complicated becomes the situation. Western senators are offering amendments to wipe out the tariff feature of the bill, and such high protectionists as Senator Platt of Connecticut are striking out the whole Foraker bill providing a civil government for the island, and leave only the tariff feature as it was in the house bill.

One reason for trying to get the house bill through the senate in the same form it passed the house is the danger of sending it back to that body with amendments which will make necessary another test of strength and a compromise in conference. Chairman Payne and other members of the ways and means committee do not care to make this fight again, as they fear they will lose some of the votes won over by the president for the bill a week ago. These converts are showing signs of backsliding, and it would be dangerous to send the bill to the house again, especially while the country is showing such hostility to it.

But should the friends of the tariff bill try to pass it in the senate and sacrifice the civil government provisions, they would have to reckon with Senator Foraker, chairman of the committee on Puerto Rico, who is very much in earnest in his effort to provide a government for Puerto Rico, and cares little for the tariff provision which has been added to his bill as an amendment. He realizes that the objections urged against his bill by the press and public are objections to nothing he wrote into the bill or cared to have there, but are all leveled at the tariff feature. As chairman of the committee in charge of the bill he must defend it as a whole, but he would not be heartbroken if the tariff feature were defeated and the bill left free from such embarrassment.

The high-tariff men threaten to tear the Foraker bill to pieces later on in the consideration, but they made the same threats against the Hawaiian bill, as they objected to giving those islands a civil government with a delegate in congress. Senator Platt of Connecticut was the leader in that effort to punch the Hawaiian bill full of holes, and he is the leader in the effort to "tear the Foraker bill to pieces." He failed in the former attempt because the other senators discovered that public sentiment was in favor of giving Hawaii a civil government as liberal as that of other territories, and these senators have found that public sentiment is in favor of treating Puerto Rico fairly and giving the island a territorial government without any tariff taxation between it and this country.

The debate on the Puerto Rican bill will continue through this and several succeeding weeks before there is any attempt to change it in the senate, though, as has been stated before, the members of the steering committee are daily trying to find some compromise that will satisfy all parties and be satisfactory to the country. They are almost hopeless of finding any way to retain the tariff amendment and make the bill acceptable to the public.

The senate will continue to give attention to the Quay resolution this week, with a possibility that there may be a division in favor of the Hay-Pauncefote treaty and Senator Mason's Boer resolution.

Mr. Mason says it is his purpose to call up his resolution and to get a vote upon it if possible. Senator Davis has expressed an intention to ask the senate to take up the treaty during the latter part of the week, but Senator Foraker, in charge of the Puerto Rican bill, expresses confidence that Senator Davis will not bring the treaty forward at a time to embarrass the Puerto Rican measure.

The week in the house promises to be rather dull. Today the contested election case of Wise vs. Young from the Second Virginia district, which has been debated for two days, will be voted upon. Tuesday the conference report upon the financial bill will be discussed. The remainder of the week will be devoted to appropriation bills, of which two have been reported to the house, the army and the District of Columbia bills.

Admiral McCormick Retires. Washington, March 12.—Rear Admiral A. H. McCormick, commandant of the Washington navy yard, who was assigned to duty in the Philippines as second in command of the Asiatic station, has applied for retirement on account of ill health. The order assigning him to the Asiatic station has accordingly been revoked, and he has been directed to proceed to his home and wait orders. Rear Admiral Frederick Rogers will probably be assigned second in command.

## HE STOLE PAY CHECKS.

A Confidential Clerk of the Pennsylvania Road Arrested in Chicago. Chicago, March 12.—James McNamara, confidential clerk in the office of W. W. Atterbury, superintendent of motive power of the Pennsylvania railway system at Altoona, Pa., was arrested on his arrival in Chicago, at midnight Saturday night, on a charge of embezzlement. The clerk is accused of taking a large number of pay checks from the safe in Supt. Atterbury's office last Friday. After cashing twenty-five of the checks and securing \$2,300, McNamara fled to Chicago, where he was traced by means of telegrams sent to different points along the road. Detectives Thompson and Early of detective headquarters met the train on its arrival at the Pennsylvania depot, and found McNamara in a sleeper. He made no attempt to deny his identity, and was taken back to Altoona on the first outgoing train.

After promising to return to Altoona without requisition papers, McNamara told the officers that many of the pay checks were hid under the sidewalk near his home. He had \$20,000 on his person when arrested. Many of the machine shop employees were not paid on account of the loss of the checks, but the men will be paid off today.

## GRAIN IN FARMERS' HANDS.

March Report of the National Department of Agriculture.

Washington, March 12.—The March report of the statistician of the department of agriculture will show the amount of wheat remaining in farmers' hands on March 1 to have been about 158,700,000 bushels, or 29 per cent of last year's crop, as compared with 198,000,000 bushels, or 20.3 per cent of the crop of 1898 on hand March 1, 1899.

The corn in farmers' hands is estimated at 773,700,000 bushels, or 37.2 per cent of last year's crop, against 890,500,000 bushels, or 41.5 per cent, of the crop of 1898 on hand on March 1, 1899. The proportion of the total crop of last year shipped out of the country where grown is estimated at 16.8 per cent, or about 348,000,000 bushels. The proportion of the total crop of last year that was of a merchantable standard is estimated at \$6.9 per cent.

Of oats, there were reported to be about 290,900,000 bushels, or 36.5 per cent, of last year's crop still in farmers' hands, as compared with 283,000,000 bushels, or 33.7 per cent, of the crop of 1898 on hand on March 1, 1899.

## PUTS BAN ON "PASSION PLAY"

Archbishop of Mexico Says Frivolous Is Harmful to Religion.

City of Mexico, March 12.—The archbishop of Mexico has issued a circular letter to the clergy, calling attention to the burlesque of the solemn scenes attending the trial and death of the Savior, as exhibited in the so-called "Passion Play," which takes place in the country churches during the holy week. He requests that the practice be done away with as harmful to religion. These rural passion plays have been a feature of holy week for centuries and the Indians, especially, have taken great delight in them, but they have recently degenerated into a mere caricature and do more injury than good. Catholic people approve of the prohibition.

## CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—it is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore or ulcer on your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, lip

or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shier, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free.

A. R. De Fluente, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." ## MRS. H. D. M'KINNEY IN SLEEP OF DEATH

END CAME THIS MORNING AT  
FAMILY HOME.

Pneumonia Was the Immediate Cause  
of Her Demise—The Funeral To  
Be Held on Wednesday Afternoon—  
Other Work of the Grim De-  
stroyer.

At an early hour this morning the  
Lord received the spirit of Mrs. H. D.  
McKinney, henceforth to be with him,  
until the consummation of all things  
and the glories of eternity shall be  
realized.

Laura (Erwin) McKinney, daughter  
of James and Margaret Erwin, was born  
in Nashville, Tenn., in 1842. She was  
married to Henry D. McKinney of this  
city in 1864 and came to Janesville in  
1869.

Besides her husband, two of her chil-  
dren, Harry Howe and Maud E., wife of  
H. S. Sloan, survive her, Laura Theresa,  
Mrs. P. S. Sheldon, having died just a  
year ago.

Mrs. McKinney came from a long an-  
cestral line of Presbyterians, her father  
having presented to the Second Pres-  
byterian Society of Nashville, the large  
church which he built and which is now  
standing upon the old Erwin home-  
stead, a monument to his consistent  
Christian life.

After a short residence in Janesville,  
Mrs. McKinney affiliated with the Christ  
Episcopal church. She was confirmed,  
together with her husband, in Septem-  
ber, 1870, by the Rev. W. E. Arn-  
tage, D. D., and was ever an active,  
earnest, consistent member.

She was studious in her habits, clear  
and concise in her statements and ar-  
tistic in her tastes. But above all, she  
was a thoroughly womanly woman, so  
bright, so cheerful, so kind, so sym-  
pathetic; always looking on the bright side,  
always having something pleasant and  
helpful to say; she was truly a help-  
meet in the highest sense, one of God's  
noblewomen.

She always made friends and she al-  
ways retained them. In the church  
where she was so useful and so esteemed,  
in the Woman's Rotary club, of which  
she was a highly beloved member and in  
her large circle of friends, there is but  
one feeling, that of deep personal loss.  
Indeed, as has been said "It seems as  
though it was one of our own family  
that was taken."

While all will condole with the  
afflicted family in their irreparable loss  
and could testify to a sense of personal  
bereavement none can but express the  
feeling that the world is better for her  
having been in it, that all are grateful  
for the good example she has left be-  
hind and bowing in humble reverence  
say: "The Lord gave and the Lord  
hath received: blessed be the name of  
the Lord." Mrs. McKinney had not  
been sick long and had been confined to  
her bed but about one week. A severe  
cold developed into pneumonia and  
despite all that could be done the disease  
was the conqueror.

The funeral will be held from the  
house Wednesday afternoon at 2 o'clock.

### Mathias Gundel

Mathias Gundel died at his home in  
Hanover, Saturday morning. Mr. Gun-  
del was eighty-seven years of age and  
was one of the pioneer residents of Rock  
county. For the past fifty years he  
has made his home in Hanover. He  
leaves to mourn his loss a family of six  
children, four sons and two daughters,  
John Gundel, George Gundel and  
Michael Gundel, all of Portland, Ore-  
gon; Philip Gundel of the town of  
Rock; Mrs. Henry Dettmer of Hanover,  
and Miss Anna Gundel of Chicago.

The funeral was held this morning at  
10:30 from the home. The interment  
was in the cemetery at Plymouth.

### Mrs. G. A. Nelson

The funeral of the late Mrs. G. A.  
Nelson was held Sunday morning at 9  
o'clock from Oak Hill chapel, Rev. R.  
C. Denison officiating.

### Timothy Shaughnessy

Funeral services over the remains of  
the late Timothy Shaughnessy were  
held from St. Patrick's church Sunday  
afternoon at 2 o'clock. The interment  
was in Mount Olivet cemetery.

### Mrs. Washington Kelly

Owing to the illness of Mr. Kelly,  
funeral services over the remains of the  
late Mrs. Washington Kelly were held  
from the residence of the son of the de-  
ceased, Edwin T. Kelly, 303 Holmes  
street, at 2 o'clock this afternoon. Rev.  
Arthur C. Kempton officiated, and the  
interment was in Oak Hill cemetery.

### CHARLES HOFERT INJURED

Jack Handle Struck Him with Terrible  
Force, Breaking His Nose.

While at work in the local Chicago  
& Northwestern railroad yards Saturday  
afternoon, Charles Hofert, section fore-  
man, had his nose broken and his face  
badly injured by the breaking of a jack  
handle. At the time of the accident  
several men were engaged in handling  
two overturned box cars.

### Queen Victoria's Three Crowns

Queen Victoria has three crowns,  
none of which is used except on ex-  
traordinary occasions. The crown  
which she wore in the last grand recep-  
tion weighs eight ounces. It is of pure  
gold and set with 2,673 diamonds and  
with 523 rubies. The other two crowns  
are simple bands of gold, each set with  
gorgeous jewels. It is one of these  
latter crowns which is worn when the  
queen opens parliament. When she ap-  
pears in the house of lords the large  
crown is taken from its place among the  
crown jewels in the tower of Lon-  
don and borne on a velvet cushion  
ahead of the queen.

### MENU FOR TUESDAY.

Wherefore are these things hid?—Twelfth  
Night.

BREAKFAST.  
Buttered Toast, Cream,  
Pancakes, Bacon, Eggs,  
Corn Bread, Toast,  
Coffee.

LUNCHEON.  
Breaded Pig's Feet,  
Nut Salad, Jumbles,  
Tea.

DINNER.  
Tomato Soup, Bread Sticks,  
Stuffed Beef with Horse Radish,  
Baked Potatoes, Pickled Onions,  
Chicory Salad, Cheese Straws,  
Cafe Noir.

STUFFED BEEF.—Get a four pound piece  
of upper round. It is well to mention it  
use, so that the butcher will cut the meat  
thick and lay it for you. Prepare a stuffing  
from two cups of bread crumbs, one table-  
spoonful of chopped parsley and one table-  
spoonful of butter. Melt the butter and  
mix the three ingredients; then add quar-  
ter of a teaspoonful of black pepper, the  
same amount of nutmeg, cloves and allspice  
and half a teaspoonful of salt. Lay the  
meat out flat on the baking board, spread  
with the filling and roll tightly. Tie the  
meat with strong white cord, place in a  
saucepan and simmer slowly in the  
frying gravy for three hours. Brown one  
tablespoonful of butter with one onion and  
one tablespoonful of flour, pour a cup of  
one teaspoonful each Worcestershire  
sauce and tomato catsup and one quart of  
water or stock. Ten minutes before serving  
place the meat in a roasting pan, pour a  
little of the gravy over it and brown in a  
medium hot oven. Place the meat on a  
deep platter and strain the gravy over it.

## HEINS SENTENCED TO WAUPUN PRISON

JOINER BURGLAR GETS THREE  
AND ONE-HALF YEARS.

Had But Little To Say When Arraigned  
in Court This Morning—Left on  
the Noon Train for Waupun—He  
is Fifty-Eight Years of Age and  
Unmarried.

Louis Heins pleaded guilty in the  
municipal court this morning to the  
charge of burglarizing the residence of  
S. H. Joiner in the town of La Prairie  
on the morning of Sunday, March 4.

The court then sentenced the pris-  
oner to the state prison at Waupun for  
the term of three and one-half years.

On the noon train today the prisoner  
left for Waupun in charge of Municipal  
Clerk A. E. Tanberg.

When arraigned this morning Heins  
only answered to questions that were  
put before him. He volunteered no in-  
formation. He stated that he went to  
the Joiner home for the purpose of rob-  
bery and that after committing the deed  
he made every effort to escape.

Heins was arrested by Chief Hogan  
and Sheriff Appleby in Walworth  
county. The prisoner is unmarried and  
fifty-eight years of age.

## SHELLED POP CORN CAUSES LAW SUIT

Stephen S. Chase Alleges That the  
Blodgett Milling Company  
Injured His Corn.

For two days in Justice M. P. Rich-  
ardson's court the case of Stephen S.  
Chase vs. the Blodgett Milling com-  
pany has occupied the attention of the  
court.

The plaintiff, who is a well known  
resident of Janesville, alleges that the  
Blodgett company shelled two loads of  
pop corn for him and that in so doing  
they injured the corn to such an extent  
that it was refused by a Chicago candy  
firm to whom it was shipped. Mr.  
Chase alleges that the corn was cracked  
in the shelling. The Blodgett company  
alleges that that the process of shelling  
did not injure the corn to the extent  
that Mr. Chase claims. They also allege  
that a portion of the corn was injured  
by mice before it was placed in their  
hands for shelling. The corn is valued  
at about \$85.

The case is a peculiar one. Several  
witnesses were sworn on both sides.  
Justice Richardson will render his de-  
cision Wednesday. Smith & Pierce ap-  
peared for the plaintiff and Jackson &  
Jackson for the defendants.

### THE TOBACCO LEAF MARKET

Review of the Condition For Week End-  
ing March 10.

The market seems to have settled down  
to a vacation. It is undoubtedly en-  
forced on account of a lack of suitable  
stock, and not because of a slacking in  
the cigar industry. For the month of  
February showed an increase of over  
twelve millions over February, 1899, in  
the output of cigars in our metropolitan  
districts, and of eleven millions in the  
Ninth Pennsylvania. Our large leaf  
houses in the market were never so  
short of stock as they are now. Old  
leaf has about entirely disappeared, and  
of the '98 crop only broken up lots are  
left. Consequently, there cannot be a  
brisk or even active market.

In Sumatra the same unprecedented  
condition prevails. Never before has the  
market been so bare of old importations,  
and the '98 stock is likewise picked to  
pieces. Hence the large withdrawals  
from the bonded warehouses which are  
continuing from week to week. So even  
if the business in Sumatra has slack-  
ened, the actual consumption goes on  
nevertheless, and helping to create a  
void for the new crop.

Only in Havana leaf the market re-  
mains active. Particularly is the de-  
mand for factory regas unabated. For  
the demand for and the output of clear  
Havana cigars surpasses all expecta-  
tions and calculations—United States  
Tobacco Journal.

### One Hundred Years Ago.

The beginning of the century vexed  
people 100 years ago just as it does  
now. Lord Melbourne was one of those  
who took a sound view of the matter  
for he wrote to his mother in Febru-  
ary, 1800, acknowledged a parcel of  
books, and said: "I believe I have not  
thanked you yet for No. 84, (a tale of  
the Nineteenth Century) (by the way,  
it is only the eighteenth, but no mat-  
ter for that). The story is excellent."

## THREE JUVENILES BEFORE THE COURT

All Stated Their Ages at Seventeen  
Years—Where Arrested on Sunday  
While Drunk.

On the charge of drunk and disorderly  
conduct three boys—each seventeen  
years of age—were arrested yesterday  
by the police and placed behind the bars  
in the city lock-up. This morning the  
youthful prisoners were arraigned before  
the bar of justice in the Rock county  
municipal court.

They gave their names as Joseph  
Briggs, George Curley and Jesse Hall.  
All reside in this city. Chief Hogan  
stated that the boys were arrested yester-  
day while intoxicated. When placed  
under arrest they had a whiskey bottle  
in their possession. When questioned  
by Judge Pitfield this morning as to  
where they purchased their whiskey the  
three boys all told conflicting stories  
which clearly demonstrated that they  
were trying hard to shield the saloon  
keeper of whom they obtained it. One  
boy stated that he did not know where  
the liquor came from. Another stated  
that he obtained it from his own home  
unknown to members of his family. The  
court then adjourned their cases till  
next Thursday morning at 10  
o'clock.

### Other Offenders.

Frank Kelly was before the court on  
the charge of drunk and disorderly con-  
duct. He was fined \$8.20 or twenty  
days in jail. He went to jail.

Thomas O'Neill was arrested on the  
same charge. In default of a \$3.20 fine  
he went to jail for six days.

George Trivitt in default of a \$5.20  
fine went to jail for ten days. Charge was  
the same.

## SEVERAL SPEAKERS ADDRESSED MEETING

Interesting and Profitable Session of the  
Francis Murphy League Held  
Yesterday Afternoon.

Two hundred and one men attended  
the joint meeting of the Y. M. C. A. and  
the Francis Murphy Temperance  
League yesterday afternoon at the Y.  
M. C. A. building. President Fred Hol-  
den of the Murphy League, called the  
meeting to order at 3 o'clock. Twenty  
students taking the short course in agri-  
culture at the Wisconsin state univer-  
sity, were in attendance. No special  
program was prepared but the after-  
noon proved to be one of the most  
profitable in the history of the Murphy  
League.

Temperance was put forth yesterday  
afternoon in such a plain light, that  
only those who won't profit by the ex-  
perience of others, will fail to be bene-  
fited. Among the speakers are such  
well known men as Rev. A. C. Kempton,  
Dr. J. B. Whiting, Harry Ashcroft,  
Hon. J. B. Whitehead, Nathan Dear-  
born, Edward Rager, W. Knight, Dr.  
James Mills and Louis Kueck. Chicago

### Health the Main Spring of Success.

The chief essential of success for a  
young man is what the vast majority  
of young men think about the least—  
that is, good health and a sound con-  
stitution. That is the first thing;  
nothing precedes it. In the battle for  
success, that should be a young man's  
first thought; not his abilities, nor his  
work, but his health. That is the basis,  
the corner stone of all. Abilities can  
not bring health, but health may, and  
generally does, develop ability.—Janu-  
ary Ladies' Home Journal.

## TELEPHONE COMBINE OF LOCAL INTEREST

STATE INDEPENDENT COMPA-  
NIES WILL GET TOGETHER.

Representatives Are Expected To Be on  
Hand in the Interest of the Janesville  
Company—Form an Association  
That Will Be of Benefit to All  
Concerned.

For the purpose of forming an associ-  
ation of all the independent telephone  
companies in the state of Wisconsin a  
meeting has been called to be held at  
Wayauwega March 20 and 31. Of the  
seventy-five companies in the state many  
have already announced their intention  
of being represented. By building a  
few connecting toll lines the seventy-five  
independent companies will form one  
system that will be a formidable rival to  
the Wisconsin Telephone company.

A prominent stockholder in the Rock  
County Telephone company of this city  
stated this morning that when the meet-  
ing was called to order the Janesville  
company would undoubtedly be repre-  
sented.

## ROAD SURVEYORS LEAVE FOR DARIEN

Have Spent Their Time Near the City  
Limits in the Town of  
La Prairie.

Six surveyors, who have quartered  
at the Hotel Myers during the past few  
days, and who have been in this vicinity  
in the interests of the Chicago, Milwau-  
kee and St. Paul railroad, have left for  
Darien. It is said that for the present  
the men have completed their labors in  
this vicinity.

Since making Janesville their head-  
quarters these surveyors have been  
busily engaged in working in the town  
of La Prairie near the city limits. That  
they are surveying for a new road to be  
operated into Janesville by the Milwau-  
kee company the men themselves do not  
deny. But aside from this meager in-  
formation they are mum. Since sur-  
veying they have gone over several dif-  
ferent routes so that it is at present dif-  
ficult to tell just where they do intend  
entering the city. Many farmers in the  
town of La Prairie state that they are  
anything but pleased with the idea that  
a new railroad is likely to cross their  
farms.

### ORIGIN OF THE WIG.

Story of Every Nation Mentions Wigs  
Very Early.

The first wig mentioned in history  
was made out of a goat's skin and was  
worn by the daughter of Saul, king of  
Israel. The first artistic wigs were  
made in the south of Italy for the  
grievous, who lived in Apulia, and  
were known for the luxuries of their  
society. These people were, they say,  
the first who painted their faces; this  
they did with the juice of strawberries.

## BOERS RESIST ROBERTS.

Harass His Army on Its March to Driefontein.

BURGHERS LEAVE 102 DEAD.

English General Threatens to Retaliate for Alleged Acts of Treachery by Ordering That His Troops Disregard the White Flag Entirely.

London, March 12.—The following dispatches from Gen. Lord Roberts have been received at the war office:

"Driefontein, March 11, 9:35 p. m.—The enemy opposed us throughout yesterday's march. From their intimate knowledge of the country they gave us considerable trouble. Owing, however, to the admirable conduct of the troops they were unable to prevent us from reaching our destination. I cannot get the precise number of casualties before I march, but will communicate them as soon as possible. The Boers suffered heavily. One hundred and two of their dead were left on the ground. We captured about twenty prisoners.

"The following telegram has been addressed by me to their honors, the presidents of the Free State and the South African republic: 'Another instance having occurred of gross abuse of the white flag and of the signal of holding up the hands in token of submission, it is my duty to inform your honors that if such occurs again I shall most reluctantly be compelled to order my troops to disregard the white flag entirely. The instance occurred on a kopje east of Driefontein last night. It was witnessed by several of my own staff as well as by myself, and resulted in the wounding of several of my officers and men. A large quantity of explosive bullets of three different kinds were found in Gen. Cronje's laager, and after engagements with your honors' troops. Such breaches of the recognized usages of war and the Geneva convention are a disgrace to any civilized power. A copy of this telegram has been sent to my government, with a request that it may be communicated to all neutral powers.'

Aasvogel Kop, Orange Free State, March 11.—Since dawn this morning the British have been collecting Boers who were killed or wounded at Driefontein. The dead were buried in groups, one numbering thirty-seven, another twenty-three and a third forty-three.

They had mostly been killed by the shrapnel fire that was directed against a long hillside that was subsequently taken by the Welsh battalion. The ambulances found seventy dead elsewhere.

The British say their losses at Driefontein were caused mostly by flagrant treachery on the part of the Boers. Gen. Roberts at once gave orders that if such an act was repeated his troops should show absolute disregard for white flags during action. He also denounced the act to the Boer leaders.

Upon reaching the deserted Boer positions an ambulance of explosive-soaked and slit-nosed ammunition was found.

Driefontein, March 11.—The army left Poplar Grove yesterday morning. At 10 o'clock the cavalry unexpectedly found the kopjes at Driefontein, eight miles south of Abraham's drift, occupied strongly by the enemy. They immediately attempted to outflank the Boers, moving forward under a heavy shell and Maxim-Vicker gun fire, but leaving behind a thin containing line.

The Second brigade pushed south, finding the enemy's position to be of great strength. The Sixth division (Kelly-Kenny's) arrived at 1:30 o'clock. The Thirteenth brigade, led by the Buffs, and the Eighteenth brigade, headed by the Welsh battalion, proceeded to clear the kopjes under a hot, bewildering fire.

The Boers succeeded in doubling on the British, whom they enfiladed from the eastern and southwestern kopjes near the main ridge. The artillery made magnificent practice, though the British guns were outgunned by two Elswick twelve-pounders. The Ninth division (the guards) arrived at 4 o'clock, but was too late to take part in the fighting. The enemy lost many horses and left two dead and several wounded behind them.

The incident was small as regards the number of troops employed, but it was very creditable to the British.

The mobility of the Boers in handling their guns was more remarkable than ever. The New South Wales mounted infantry gallantly but unsuccessfully attempted to capture a gun.

Later reports state that the Boers have entirely disappeared, but an engagement today is not unlikely. Notwithstanding the strong positions in the kopjes, it is probable that they will not be able to prevent the British advance.

London, March 12.—Gen. Roberts' dispatches referring to Saturday's fighting practically cover everything that has been received concerning the movements in the Orange Free State, but it is distinctly apparent that the complete story of the engagement has not yet been received.

### British Losses in the War.

London, March 12.—The latest official figures of casualties in South Africa show that the British total in killed, wounded and missing is 14,636, to which about 70 are addable. According to the latest official figures, of 565 officers and 7,108 men wounded, only 347 died, and of a total of 2,900 deaths, only about 800 were due to disease.

### One Million for the Boers.

New York, March 12.—The National Boer Relief Fund association, which has been started by George W. Van

Stien of this city at the suggestion of Dr. Leyds, the European agent of the Boers, will try to raise \$1,000,000. Bourke Cockran has been elected chairman of the organization, and as a proof of his sympathy for the Boer cause has contributed a check for \$500 to start the fund.

### Ownership of Delagoa Bay.

Berne, Switzerland, March 12.—The arbitrators have pronounced judgment in the Delagoa bay arbitration, but on the principal points only. The judgment will not be communicated to the parties concerned until the question of the indemnity to be paid by Portugal has been decided.

### MOVE LINCOLN'S BODY.

Casket Placed in Temporary Vault While Tomb Is Repaired.

Springfield, Ill., March 12.—The body of Abraham Lincoln has been moved from the crypt of the Lincoln national monument and placed in a temporary vault while the monument is being repaired. No formal ceremonies attended the transfer of the body to its temporary resting place. Contractor Culver invited the board of trustees of the monument, consisting of Gov. Tanner, State Treasurer F. K. Wainwright, Superintendent of Public Instruction Alfred Bayliss and Auditor J. S. McCullough, to be present and witness, in their official capacity, the removal of the casket. Workmen engaged in excavating the concrete found that the outer casing of the casket containing Lincoln's body had begun to decay. This was caused by the bad condition of the monument, which had slipped from its base, exposing the interior to the elements. A seam was found leading to the casket, which permitted rain to enter.

Col. Culver, who is in charge of the work of rebuilding the monument, says every precaution will be taken to prevent the body being stolen, the attempt made in 1876 being still fresh in the public mind. When the casket has been placed in the temporary vault the entrance will be closed with two stones weighing over four tons. The stone from the old monument will also be built around as an additional safeguard.

### FRENCH SHIP MAY BE LOST.

Fears For Safety of the Steamer Pauillac, Long Overdue.

New York, March 12.—There is a growing anxiety for the safety of the overdue steamer, the Pauillac, of the French line, which sailed from New York for Havre Feb. 5, carrying a crew of forty-five men and cargo valued at \$2,000,000, including many consignments for the Paris exposition.

The vessel was sighted when six days out in mid-Atlantic, by the White Star steamer Germania, but has not been seen or heard of since. The captain of the Campaign, which sailed for Havre last Thursday, was instructed to keep a sharp lookout for the missing steamer. Reinsurance of the Pauillac is at a high premium today.

If ever superstition could find excuse, it would be when the expectant mother, calendar in hand, ponders the fortunate days and hopes that the baby's birthday may fall on a lucky time.

It is natural to wish the best of fortune for those we love. Why not will fortune as well as wish it for the child?

The greatest fortune any mother can bestow on her child is a healthy body and a happy mind, and with this great fortune every mother may endow the child if she will. The child's stock of health is what the mother supplies. The weak and worried woman has a very slender stock of health to bestow on the baby.

Dr. Pierce's Favorite Prescription makes mothers healthy and happy. It does away with the misery of morning sickness. It strengthens the nerves, gives the body a feeling of buoyancy, makes the mind cheerful, gives vigor and elasticity to the organs peculiarly feminine, and baby's advent to the world is free from danger and painless.

"My first two babies were still-born, and I suffered every thing but death," writes Mrs. Euphemia Falconer, of Trent, Muskegon Co., Mich. "I was reduced to 100 pounds. When I was three months along with my third child I was taken with hemorrhaging or flooding, came near having a miscarriage from female weakness. For two months I was under the care of our doctor, but was getting weaker all the time until I sent and got three bottles of 'Favorite Prescription.' I improved fast and continued to take your medicine until baby was born, and he is healthy and all right. My health has been good ever since. I now weigh 165 pounds."

There is no alcohol, whisky, or other intoxicant in "Favorite Prescription," neither does it contain any opium or other narcotic.

Dr. Pierce's Pleasant Pellets do not react on the system. They are a perfect medicine.

STATE OF WISCONSIN—Circuit Court for Rock County—Arthur M. Church, plaintiff, vs. Charles E. ## Your Fortune Told

Good health means good fortune. Bad health means bad fortune. Most of your ills are caused by kidney and bladder ailments. Such ailments nearly always prove fatal unless given prompt attention. Don't spend money on high-priced doctors, but cure yourself by taking

### MORROW'S

## KID-NE-OIDS

positively the greatest medical discovery of the age. They banish backache, all kidney and bladder troubles, and put new blood and new life into a diseased body. The effect of even one dose is magical. Mild cases are cured in a week. Use a box or two and your pain is at an end.

Disordered kidneys are indicated by pains in the back, distress or faintness after eating, scanty or scalding urine, weakness and chills, pains in the loins, nervousness, sleeplessness, loss of vitality, swelling in limbs or body or both, and sediment in the urine.

KID-NE-OIDS are yellow tablets and come packed in neat wooden boxes, enough for about two weeks' treatment. All drug stores sell them for 50c a box, six boxes, \$2.50. Your druggist will tell you the truthful testimony of those who have been cured by KID-NE-OIDS in your town.

Morrow's Liver-Lax cures constipation, biliousness, costiveness—they sell for 25c a box—at all drug stores. Mailed on receipt of price. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Mrs. P. N. Jenkins, 618 Broad Street, Raleigh, Wis., says: "I take pleasure in recommending Morrow's Kid-Ne-Oids to any person suffering from kidney troubles. A package of Kid-Ne-Oids used according to directions removed the pain from the small of my back, and I have not been bothered with backache since." At all drug stores and the People's Drug Co.

## MAY NOT RATIFY THE TREATY.

Senator Spooner Says French Reciprocity Will Fail.

New York, March 12.—A special to the Times from Washington says that Senator Spooner speaks positively about the prospects of the French reciprocity treaty. He said: "It will not be ratified at this session. Whether it has two-thirds or one-third of the senate for it, I cannot say. I don't care. I know that it will be ratified during the present session of congress."

From the character of other remarks made by Republican senators, the inference is drawn that some Republicans consider that it would be impetuous and therefore inexpedient at this time to menace protected interests by adopting a treaty that will accomplish by legislative action a result that could not be brought about by direct legislative action.

## Brings Suit Against Roads.

Lincoln, Neb., March 12.—Attorney General Smyth has raised the famous Nebraska maximum rate law from its grave, and today it has become a big issue again, in spite of the costly litigation which resulted in a victory for the railroads. Recently the roads of this state induced the board of transportation to rescind the railroad order, and then, through the federal court, restrained the board from ordering any reduction in live stock and other freights. This the attorney general took as opening a rate war and inviting the state to retaliate. This he has done by filing suits in the supreme court against the Union Pacific for \$635,000, against the Missouri Pacific for \$435,000, and against the Rock Island for \$610,000, these being for damages claimed for violation of the maximum rate law of 1892.

## Keeley's Will Is Filed.

Dwight Ill., March 12.—The will of the late Dr. L. E. Keeley has been filed for probate at Pontiac. The estate was wholly in personal property, and with the exception of \$100,000 left to Maj. Milton R. Keeley for distribution as per memorandum left by the deceased doctor, was left to the widow, Maj. Keeley, carrying out the wishes of the deceased, refused to state the amount of property left or who the beneficiaries are. While nothing definite is known, it is thought the estate will reach \$1,000,000 outside the interests in the business of the L. E. Keeley company, which cannot be estimated.

## No Strike at St. Louis.

St. Louis, Mo., March 12.—An agreement has been reached between the street-car employees and the transit company, which averts the threatened strike. The company concedes to the hours to be a working day, to be completed within twelve hours, at 20 cents per hour. The company will so arrange the work of the extras as to do away with their grievance, the men to receive half pay while waiting for their run. Where an employee is shown to have been discharged because of his connection with the union, he is to be reinstated.

## Hunting for Headquarters.

Clinton, Iowa, March 12.—The Mystic Workers of the World, a fraternal benevolent society which was organized in Fulton a few years ago, and which now has a membership exceeding 13,000, mostly in Illinois and Iowa, will soon settle the question of the location of the head offices of the society. The cities of Sterling, Fulton, Dixon and Chillicothe are making bids for the offices. Fulton is making a hard fight to retain them, and is offering big inducements.

## Tank-Line Car Explodes.

Petersburg, Ill., March 12.—On the Chicago & Alton railroad Saturday afternoon, about two miles northwest of this city, as a freight train going south was crossing the iron bridge which spans the Sangamon river, a large oil tank on one of the cars exploded, tearing away the east end of the bridge and letting five cars drop into the river. Fortunately, no lives were lost. One brakeman was severely injured.

## State Convention of Spiritualists.

Stevens Point, Wis., March 12.—A state convention of the spiritualists of Wisconsin will be held in Stevens Point on April 4, 5 and 6. Two hundred delegates are expected. Among the spiritualists of national reputation who will attend are Moses Hull of Buffalo, Mr. and Mrs. G. W. Kates, missionaries to Minnesota, and D. H. Barrett of Boston.

## Killed in a Railroad Collision.

Decatur, Ill., March 12.—Two sections of a coal train on the Wabash railroad collided on Booddy hill, south of Decatur, Sunday morning, throwing eight cars into the ditch and killing Bert Seymour of Littlefield, who was coming to Decatur to secure employment in the service of the company. Samuel Beard, a brakeman, was badly injured.

## Iowa Paper to Change Hands.

Sibley, Iowa, March 12.—J. W. Scott and his son Harold of Sac City have bought the Sibley Gazette, the pioneer newspaper of Osceola county. F. P. Lyon will deliver full possession on April 1.

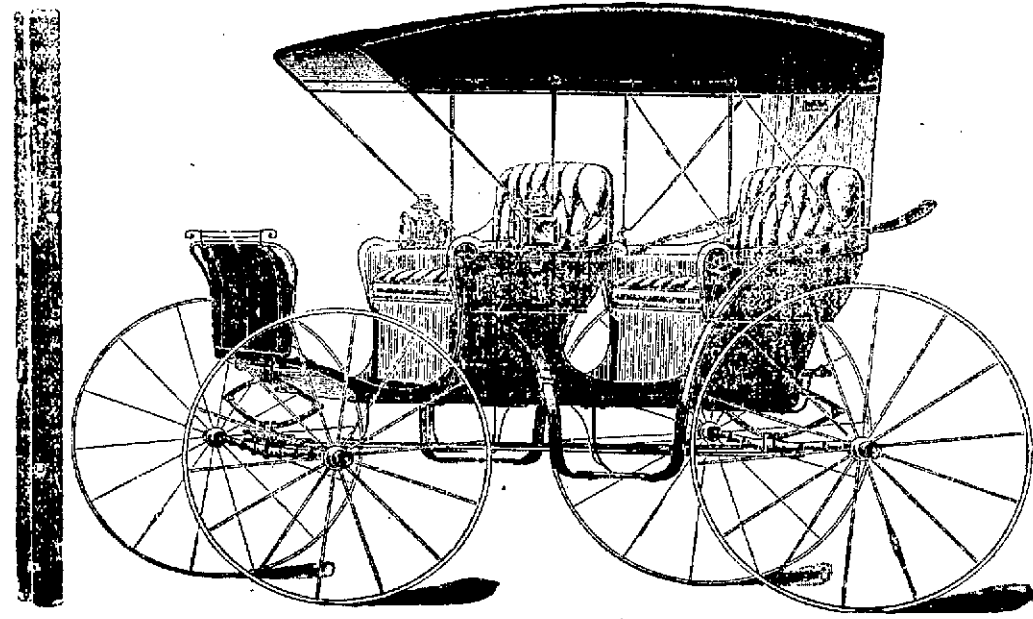

## Kills a Negro Burglar.

Springfield, Ill., March 12.—A. C. Moffatt, cashier of the Waverley State bank, shot and killed a negro burglar in his home at Waverly at 2:30 o'clock Sunday morning.

## Another Advance in Cotton.

New York, March 12.—Ten dollars a bale will be made on cotton, the bears argue, by the man who calls the turn, but the bulls think the turn is not in sight.

## SLAIN BY HIS WIFE.

John Gallagher, a Joliet Steel Mill Employee, Killed While Asleep in Bed.

Joliet, Ill., March 12.—Mrs. John Gallagher, a woman past middle age, cut her husband's throat from ear to ear Saturday night while he was asleep in bed. The victim was head heater in the Federal Steel company's plant. The woman is thought to be insane. Mr. and Mrs. Gallagher had lived together for more than twenty-five years, and their married life had been quiet and apparently happy. For some time past the woman has shown signs of mental derangement and preparations were being made to have her treated in an asylum.

## NEW USE FOR COAL DUST.

Somebody Apparently Selling It Widely in Place of Antimony.

A rural chemist has accidentally discovered a curious case of adulteration, or, more accurately, of substitution in the matter of a drug commonly sold in pharmacies, rural and urban. The drug is the tri-sulphide of antimony, commonly known as black antimony. The chemist in analyzing a patent remedy discovered that the ingredients nearly corresponded with those in a formula furnished by the Agricultural department but that coal dust had been substituted for black antimony. Struck with this discovery, the chemist obtained twelve samples of black antimony, most of them from druggists in his own neighborhood, but one from New York. Of these, only one was really black antimony; the others were coal dust, coal dust and chalk or coal dust and sand. There is no reason to suppose that the druggists knew of the substitution, for there would be little profit in the deception unless it were practiced on a large scale; but it seems plain that some manufacturing chemist is selling a worthless substitute for black antimony. Indeed the substitute may be sent out from more than one factory, for while the dozen samples tested came from the eastern coast, the remedy in which the substitution was originally detected came from the west. The New York druggist who sold a sample of the substitute does business in a fashionable quarter where there is a considerable demand for black antimony on the part of grocers and coachmen, who use it in the preparation of condition powders for horses. Two other druggists in the same neighborhood do not keep black antimony. One of them keeps what is known as red antimony, which is chemically identical with black antimony though different in appearance. Red antimony is a product of chemical precipitation, while black antimony is a natural product found in many parts of Europe, in Nova Scotia and Nevada.

## Antigua's Roads Not Built for Bicycles.

In the island of Antigua, British West Indies, are about fifty bicycles among the population of 35,000, as against half that number of wheels a year ago. All but four or five are of American manufacture and are owned by natives. The poverty of the people the tropical heat, which renders riding between 8 a. m. and 4 p. m. almost impossible, especially for whites, and the abominable condition of the roads leading between the various points of the island are against an extensive use of the wheel. The method of road repairing in Antigua is to spread on the ground a thick layer of stone cut to about double the size of a walnut and leave it to be trodden down by passing ox carts or other teams, or the bare feet of native pedestrians.

## The Unseen Power...

Man has so educated himself that in order to believe anything he must see the very thing itself. But the mere fact of man stating that he does not believe, simply because he cannot see the force, does in no way lessen the workings of the concealed power. No one can see the power that moves the street cars. Does anyone doubt that the car moves simply because he cannot see the power? Certain laws must be observed before results will be made manifest. No one can see the power that is behind
